<b>GOAL 1 Data Review</b>
---------------------------

As you review your Goal 1 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p><b>Highlight Strengths:</b> Which data reflected strengths for your school?</p>	<p>Percent of students at or above proficient on District Benchmarks grew 34% in ELA and 7% in Math. The percent of students who re-designated to FEP doubled from prior year. EL students at or above proficient on District Benchmark grew 22% in ELA.</p>
<p>Which prior year action steps have contributed to these areas of strength?</p>	<p>ILT focus on using standards to guide ELA instruction. Collaboration designated by grade level teaming allowed teachers to reflect and improve on lessons. After/before school intervention and utilizing Imagine Learning for EL students.</p>
<p><b>Highlight Areas for Growth:</b> Which data reflected areas of growth needed for your school?</p>	<p>School wide growth on District Benchmarks does not match that of the District (7% vs 14%) Growth on percent of student who met or exceeded standards on state ELA test decreased slightly (.8%)</p>
<p>How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)</p>	<p>ILT and grade level release sub days for collaboration with a focus on Math. Increased access to technology to achieve 1:1 so that teachers provide frequent opportunities to students to practice (constructed responses, IABs) Grade level chair information.</p>
<p><b>Other Key Findings:</b> What does your overall data show regarding progress towards goals?</p>	<p>As a school, we are doing really well matching or beating District growth in ELA. Math, while making growth, tends to be behind District percentages.</p>

<p><b>Highlight Strengths:</b> Which data reflected strengths for your school?</p>	Annual survey for Goal 2A descriptors increased. Increased to 96.66% for climate of support of academic learning. Woodbury student graduation rate approximately 5% greater than District average. Student climate overall grew as reported by both parents and students.
Which prior year action steps have contributed to these areas of strength?	Woodbury Responsible Tiger program, monthly and Trimester awards, school wide focus on Growth Mindset and Scholarly Habits.
<p><b>Highlight Areas for Growth:</b> Which data reflected areas of growth needed for your school?</p>	Continue to focus on work habits/citizenship to meet/exceed District averages. Continue to improve students' views about themselves, others and their future. Well maintained facilities dropped from 82% to 77.59%
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Character trait education and recognition, Growth Mindset, motivational assemblies, Facilities-air conditioning, upgrade playground, and upgrade classrooms
<p><b>Other Key Findings:</b> What does your overall data show regarding progress towards goals?</p>	School scores from the survey are meeting/exceeding District averages in most areas stakeholders report overall positive climate.

## GOAL 3 Data Review

As you review your Goal 3 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p><b>Highlight Strengths:</b> Which data reflected strengths for your school?</p>	Overall growth from last year's data in almost all areas. Students are enrolling at post = secondary schools at a rate above District average. Consistent growth in ELA/Math participation rate and readiness for AP classes/test.
Which prior year action steps have contributed to these areas of strength?	Promote path to college readiness. ELA/Math performance tasks. ELD program focused on developing academic vocabulary. Parent education classes, College awareness Wednesdays.
<p><b>Highlight Areas for Growth:</b> Which data reflected areas of growth needed for your school?</p>	Students who reported on the annual survey having future goals of a 4 year or advanced degree decreased (89% to 75.54%)
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	6th grade students visiting city and state college campuses. Parent Ed classes and college campus visits, Continue CCMP (College Career Mentoring Program) and alumni groups for site visits.
<p><b>Other Key Findings:</b> What does your overall data show regarding progress towards goals?</p>	Steady growth in all areas and college attendance rates are increasing.

**School Plan for Student Achievement Annual Evaluation**

Pursuant to California Education Code Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans. The school must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

Section	Annual Evaluation Summary Description Use the guiding questions above and provide a summary response for each area of evaluation.
<b>Plan Priorities</b>	Goal 1A, Goal 1C, and Goal 2C are the top priorities of the current SPSA. The major expenditures supporting these priorities are professional development (\$8,026), materials/supplies (\$74,994), and assessment and data analysis (\$9,338) for Goal 1A, technology (\$27,783) and library media center (\$18,712) for Goal 1C, and parent community outreach (\$40,891) for Goal 2C.
<b>Plan Implementation</b>	<ul style="list-style-type: none"> <li>• Teachers participated in Instructional Leadership Teams (ILT), Strategy Academy, and grade level collaboration to ensure effective instruction.</li> <li>• Provided after school intervention.</li> <li>• Increased access, availability, and support of technology through the purchase of Chromebooks, software, and increased hours for the Library Media Tech.</li> <li>• Parent Community Outreach was provided through the 40 Developmental Assets program.</li> </ul>
<b>Strategies and Activities</b>	<p>Effective strategies:          The focus on ELA for Strategy Academy and ILT was effective in improving student achievement as evidenced by a 10% growth in percentage of students at or above proficient on state standardized assessments. Parent Community Outreach and Technology, including the use of Imagine Learning software, impacts student achievement; The EL subgroup made greater gains than the district in both ELA (9% versus 7%) and Math (10% versus 7%) in state standardized assessments and Woodbury’s overall population made greater gains than the district on state standardized assessments in ELA (10% growth versus 7%).</p> <p>Minimally effective strategies:          The strategies to expand/refine programs to target attendance and truancy issues were minimally effective as evidenced by the Attendance Rate falling slightly below expected outcomes (95.93% versus expected ? 96%) and Truancy Rates increasing (13.85%, 16.13%, 17.56%). Need further review to identify needs of those students who are habitually absent or truant. Continue to implement programs and strengthen partnerships that support attendance rates.</p>

<b>Involvement/ Governance</b>	Regular SSC meetings were held to gain the input of all the stakeholders
<b>Outcomes</b>	Great gains have been made with Goals 1, 2, and 3. Continued focus on Goal 1A should remain a priority with respect to district benchmarks in ELA including writing, and state standardized assessments in math. Continued focus on Parent Community Outreach to support Goal 2C. Refinements need to be made to programs targeting truancy and absenteeism. Schoolwide focus on Scholarly Habits, as well as the CCMP, should continue in order to support Goal 3.

## School Parental Involvement Policy: 2018-19

### **Involvement of Parents in the Title I Program & Building Capacity for Involvement**

Our school engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. The state identified twelve requirements, which have been organized into six categories based on the framework of six types of parental involvement: parenting, communicating, volunteering, learning at home, decision making, and collaborating with the community. To help reach these goals, and involve parents in the Title I program at our school, the following practices have been established:

#### **PARENTING: Help all families establish home environments to support children as students.**

- 1. Our school convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program. Our school provides parents of Title I students with timely information about Title I programs.**
- 2. Our school offers a flexible number of meetings for Title I parents, such as meetings in the morning or evening, including multiple opportunities for parent education programs.**

The school provides parents with information about the school's participation in and the requirements of programs such as, Title I, English Learners (EL), Special Education, Gifted and Talented Education, and the LEA plan. The school organizes opportunities for parents to be involved throughout the school year. Information regarding the school's programs and their rights to be involved will be distributed to parents at the beginning of the school year. The school will schedule ongoing parent meetings to disseminate information regarding Title I and other school programs.

Woodbury will host parent meetings throughout the year including Pastries with the Principal, Reading Strategies, PESA, and 40 Developmental Assets. Dates and times will be posted on our school website and communicated to families via school messenger and fliers.

#### **COMMUNICATING: Design effective forms of school-to-home and home-to-school communications about school programs and children's progress.**

- 3. Our school distributes information related to school and parent programs, meetings, and other activities to Title I parents in a format and language that the parents understand.**
- 4. ACCESSIBILITY: The school provides opportunities for the participation of all Title I parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand.**
- 5. Our school has developed a written Title I parental involvement policy with input from Title I parents. It has distributed the policy to parents of Title I students. The policy describes the means for carrying out Title I parental involvement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].**

Parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students, identify their home language and preferred correspondence language during school registration. For language needs exceeding 15% of the school population, information will be made available in those languages. All

notices, flyers, newsletters, etc., are translated by either school staff or the translators at the ARC. School community liaisons are available to provide interpretation for parent meetings, parent conferences, and other activities at the school site.

- The school developed the policy with parent input gathered through surveys, parent meetings, School Site Council meetings, ELAC meetings...
- The school distributes the policy via the website. The policy is also available in the school office

### **VOLUNTEERING: Recruit and organize parent help and support.**

**6. Our school provides support for parental involvement activities requested by Title I parents.**

**7. With the assistance of Title I parents, the school educates staff members about the value of parent contributions, and in how to work with parents as equal partners.**

Parents will be provided with information on how to become involved in school or district parent governance committees, parent organizations, parent education groups, or other parent volunteer opportunities.

Parents are invited to be part of the 100 mile club, school site council, PTSO, parent education events, volunteer for classroom events and special projects.

### **LEARNING AT HOME: Provide information and ideas to families about how to help students at home with homework and other curriculum-related activities, decisions, and planning.**

**8. Our school provides parents of Title I students with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to meet.**

**9. Our school provides Title I parents with assistance in understanding the State's academic content standards, assessments, and how to monitor and improve the achievement of their children. Our school provides parents with materials and training to help them work with their children to improve their children's achievement.**

Teachers explain the curriculum and assessments used to measure student progress at Back-To-School Night and parent-teacher conferences. The principal will share additional information with parents during other parent meetings.

Parent nights to explain the Academic Content Standards and assessments these are also presented at Back to School Night and Open House as well as during parent conferences. Ways to help at home are also presented during parent education opportunities, such as the 10 Educational Commandments, 40 Developmental Assets and Imagine Learning online learning for EL families.

### **DECISION MAKING: Include parents in school decisions, developing parent leaders and representatives.**

**10. If requested by parents of Title I students, the school provides opportunities for regular meetings that allow the parents to participate in decisions relating to the education of their children.**

**11. Our school involves parents of Title I students in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I programs and the Title I parental involvement policy.**

The review of the School Parental Involvement Policy is included as part of the annual review of the School Plan for Student Achievement (SPSA). The policy is updated periodically to meet changing needs of parents and the school. The school has a process in place for involving parents in planning and designing the school's programs, the school may use that process if it includes adequate representation of parents of Title I children [20 USC 6318 Section 1118(c)(3)]. The district provides a timeline for requirements related to Title I, parent involvement, SSC and ELAC topics to be discussed, as well as the process of reviewing and developing the SPSA, including this parental involvement policy.

The school invites parents to participate on the School Site Council and other parent committees. Parents are also involved in the development of the school plan and are given an opportunity to provide feedback into school actions through meetings and the annual parent survey.

### **COLLABORATING WITH THE COMMUNITY: Identify and integrate resources and services from the community to strengthen school programs, family practices, and student learning and development.**

#### **12. Our school coordinates and integrates the Title I parental involvement program with other programs, and conducts other activities, such as parent resource centers, to encourage and support parents in more fully participating in the education of their children.**

The District's Parent and Community Outreach Department provides guidance, support, and training to parents, teachers, administrators, and support staff. The activities of the Parent and Community Outreach include:

- Providing professional development opportunities in parent education programs
- Serving as a link to parent and community resources
- Developing and encouraging high-quality parent programs and parental involvement opportunities at school sites
- Coordinating parent education and community outreach meetings

The district and school have partnerships with community agencies to offer afterschool programs, counseling and mental health services, health and safety programs, and tutoring programs that serve to support student learning and development.

### **SCHOOL-PARENT COMPACT**

**Our school distributes to parents of Title I students a school-parent compact. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the school and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents of Title I students.**

- **The school's responsibility to provide high-quality curriculum and instruction**
- **The ways parents will be responsible for supporting their children's learning**
- **The importance of ongoing communication between parents and teachers through, at a minimum, annual parent-teacher conferences; frequent reports on student progress; access to staff; opportunities for parents to volunteer and participate in their child's class; and opportunities to observe classroom activities**

**[Upload a copy of the compact to DTS.]**

Each school with 21 or more English learners (EL) in attendance, regardless of language, must form a functioning English Learner Advisory Committee (ELAC) or subcommittee of an existing advisory committee. Education Code (EC) 62002.5 establishes the regulations that govern the ELAC.

<p><b>Composition of English Learner Advisory Committee</b></p> <p><b>COMPOSITION REQUIREMENTS</b></p> <p>The percentage of parents of English learners on the committee must be the same or greater than the percentage of English learners at the school. Voting Process by parents of English learners:</b> An election is held in which all parents of English learners have an opportunity to vote and in which the parents or guardians of English learners elect the members of the committee. The peer selection process may include:</p> <ol style="list-style-type: none"><li>1. <b>Ballot By Mail:</b> In the letter, we include a form for self-nomination. After all the nominations have been received, a ballot is sent home with each English learner for parents to vote. Parents from last year's ELAC handle this process and count the ballots.</li><li>2. <b>Voice Vote:</b> In the letter, we encourage all parents and school personnel to attend a meeting where information about ELAC will be provided and elections will be held at the school site. The required percentage of parents of English learners depends on the number of English learners at your school.</li><li>3. <b>Back To School Night Election:</b> In the letter, we include a form for self-nomination. After all the nominations have been received, parents and school personnel are informed that the election will be held prior to Back To School Night, stating the date and time.
